

**To parents who use the nursery schools
and after-school children clubs
Request about the Covid-19 infection !**

**In some case you cannot leave your child at the
nursery or after-school children's club.**

**Please contact the facility you are using
immediately.**

About children

- ☞ If your child has a fever or flu symptoms before going to the nursery.
- ☞ The time from when the fever goes down until 24 hours have passed.
- ☞ The period starting the day you were diagnosed at the hospital until you rest at home.

About the children, family, close friends, etc.

- ☞ When undergoing on check up at the hospital about covid-19.
- ☞ If you may be infected, such as when you become a close contact.
- ☞ If the test for infection is positive.
- ☞ Period decided by the Health Center to observe your health.

Covid-19 infection is a very scary disease. **If there're people who cannot follow the rules the facility will be temporary closed and some people work will be affected. Observe the required rules.** Please tell your child and family.

If an infected person is confirmed in the facility and if the facility will temporary close we'll contact the parents/guardian. We will contact you immediately, we appreciate your understanding.

[Observe the rules at home]

- For prevention measures wash your hands, gargle, and disinfect to prevent infection.
- When going to the nursery and after-school, even going back to your house wear a mask , and also when sneezing and coughing use your handkerchief, tissue or clothes to cover your nose and mouth.
